

Finance & Banking

Solid expertise in multilingual communication

With our in-depth knowledge of the finance industry, data security procedures and customized approach, SeproTec is a partner you can trust.

Financial institutions are innovating in communication with their customers: transactions via web chat, interactive voice response, or mobile app are becoming a trend in the banking industry. When it comes to the internationalization of these products, financial institutions need a trusted vendor that can smoothly manage all needs related to translation and multimedia. A vendor with the knowledge and experience in services such as localization, voice-over, dubbing, interpreting, and others is a must. That's **SeproTec**.

For nearly 25 years, **SeproTec** has worked closely with a significant portfolio of clients in finance, including commercial, private, and investment banking entities. Our team of experts in the financial industry (translators, proofreaders, interpreters, and project managers) will make sure that your content is ready to target your international markets.

For the Financial Industry, we translate:

- Audit reports
- Annual reports
- Balance sheets
- Banking studies
- Economic research
- Financial statements
- Financing and licensing agreements
- Marketing material
- Merger and acquisitions documents (M&A)
- Press releases and articles
- Website material
- Wealth management agreements
- Investment, performance and market reports
- Fixed Asset Management documentation
- Private Banking documentation
- Investment Banking documentation

and we interpret:

- Simultaneous interpreting for:
 - corporate events
 - inaugurations
 - training sessions
- Consecutive interpreting for internal meetings
- Telephone interpreting for internal communications
